Summary

Full stack web developer with a background in cosmetology eager to use my expertise of color theory, design, and passion for creating elevated user experiences and technology centered websites and mobile apps. Driven by ambitious goals and creative problem solving. Recently earned a certificate in full stack web development from the University of Washington having honed skills in JavaScript, Node.js, React, Express.js, MySQL and MongoDB databases. Enthusiastic about continuing to evolve my craft of coding.

Technical Skills

Node.js, Express, JavaScript, JQuery, React, React Native, Git, GitHub, MongoDB, MySQL, ES6, ES7, HTML, CSS, design patterns, MVC, Bootstrap, Media Queries, APIs, JSON, AJAX, Webpack, Restful web services, Git Bash, Object Oriented Programming, Functional Programming, TDD, Test Cases, Debugging/Troubleshooting, NPM

Select Web Development Projects

Rambler - github.com/dhens/Rambler gorambler.herokuapp.com/

A hiking resource. Users can search for hikes, save them to a bucket list to reference later, and save them to a hike log to see past hikes with data visualization to see where they've gone.

- **TEAM:** Worked collaboratively with a team of 4 developers to remotely design, develop, debug and deploy the project within 3 weeks.
- **ROLE:** MongoDB (schema, controller, routes, CRUD functions), Cheerio scraper, logo design
- *Technologies Used: MongoDB, Express, React, Node.js, JavaScript, Google OAuth, Passport, Axios, Cheerio, Bulma CSS, REI Hiking Project API, LocationIQ API, OpenWeather API*

Paranormal Activity Reporter - github.com/dhens/Paranormal-Activity-Reporter
intense-beach-33729.herokuapp.com/

A message board application for users to view and post conspiracy-fueled content in 8 different categories.

- **TEAM:** Worked collaboratively with a team of 5 developers to remotely design, develop, debug and deploy the project within 2 weeks.
- **ROLE:** MySQL Database, Sequelize
- *Technologies Used: HTML/CSS, Bulma CSS Framework, JavaScript, JQuery, Node.js, Express, Express-handlebars, MySQL, Passport, Sequelize, bcrypt, dotenv.*

Eats & Events - github.com/rnyang-16/Project-1-Group-5.git

A web application that allows a user to find restaurants and events by search criteria or nearby with links to reserve tickets with ticketmaster.

- **TEAM:** Worked collaboratively with a team of 3 developers to design, develop, debug and deploy the project within 10 days.
- **ROLE:** Designer, HTML/CSS

Technologies Used: HTML/CSS, Foundation CSS Library, JavaScript, JQuery, Zomato API, Discovery API, Ticketmaster API.

Experience

Tavern Hall; Bellevue, WA - *Bartender*

Sept 2014 - Present

Bar/Restaurant that held over 400 patrons and did roughly \$40k sales min each night.

- Consistently highest sales each evening averaging \$3k+ while maintaining 98% customer satisfaction.
- Worked efficiently with bar team of 2-3 to execute upwards of 50 incoming drink orders for bar/restaurant with ticket times under 5 minutes

Matthew Steele Salon & Spa; Seattle, WA - *Hair Stylist*

Mar 2015 - Oct 2019

Daily average of 6-10 Clients per day with revenue of \$600-\$800 with service/retail sales

- Effective communication with clients to determine their needs resulting in an average of 80% client retention.
- Routinely averaging 90% productive schedule per day while maintaining benchmark goals of 40% retail per client and 60% pre-booked appointments.
- Continued education classes 2-3 times per year to elevate my color theory and design knowledge

GCI Communications; Fairbanks, AK - *Customer Service III*

May 2009 - May 2013

Alaskan telecommunication company, our store location serviced an average at least 200 customers per day

- Typically among highest monthly sales averaging \$4k min in monthly commissions.
- VIP award in 2010
- Consistently won company wide sales competitions resulting in winning numerous cash prizes, over 300k airline miles, and a home entertainment system to name a few.

Education

Full-Stack Web Development Certificate - *University of Washington, Seattle, WA (2020)*

Certificate of Cosmetology - *Gene Juarez Academy, Seattle, WA (2014)*
